

We make kids' parties cool

**Pump and Splash**

[www.PumpandSplash.com](http://www.PumpandSplash.com)

Our water features are built by hand, are sturdy, and kid tested. Prices include delivery in the Los Angeles area and come with a one year warranty. Right now, the only pump we sell is "Pumper." Assembly takes about 1-2 weeks and orders require a 50% deposit before production begins.

"Pumper" \$325 + tax

A yearly maintenance plan is available which includes a checkup to change the leather seals, lubricate pump, touch up paint, and check for damage. This additional program is \$75 per pump per year.
